Detectives Trying to Find Car Tied to Attempted Murder Suspects

Fresno County Sheriff's detectives need the public's help to identify a car and / or its occupants, which are related to a shooting investigation. Cameras along streets in Fresno captured the vehicle driving through the intersection of Shaw and Blackstone Avenues just after the shooting. The car is possibly a black, 4-door 2010 C-Class Mercedes-Benz with tinted windows.

At 11:00 pm on November 4th, neighbors dialed 911 after hearing shots fired and a vehicle speeding away from a cul de sac on Nantucket Ave., just north of Roberts Ave. in Fresno. Deputies arrived and discovered shots fired into a Nissan Sentra car and a 22 year old woman had been struck multiple times. Her boyfriend was in the car with her, but he was not injured. The young lady was taken to the hospital. She has since been released and is recovering from her injuries.

The five suspects, believed to be four men and one woman, fled in the possible Mercedes-Benz. Deputies interviewed neighbors and the victims, but were unable to get an answer as to why their car was targeted.

Anyone with additional information on the suspects in this case is asked to contact the Sheriff's Office at (559) 600-3111, Detective Gary Haslam at (559) 600-8209, Crime Stoppers at (559) 498-7867 or www.valleycrimestoppers.org. You will remain anonymous and may be eligible for a cash reward.
