Homicide Detectives Searching for Couple and Rental Car

Homicide detectives investigating Sunday's deadly shooting of 48 year old Alphonso Durazo need the public's help to find two people who lived at the home (5215 E. Belmont Ave.) where the victim was found. Detectives are trying to locate and interview 22 year old Raymond Islas and his 27 year old girlfriend Valerie Clark, A.K.A. "Nikki." Detectives have had success speaking with several people who live at the house, with the exception of Islas and Clark. Their statements could play an important role in the investigation.

Additionally, Durazo was in possession of a rental car at the time of his death. However, detectives have been unable to find that car. It is described as a white, 4-door 2020 Toyota Corolla with a CA license plate # 8KHH379.

Anyone with information on the whereabouts of Islas, Clark or the Toyota Corolla is asked to contact Detective Jose Diaz at (559) 600-8204 or (559) 448-7089. You may also contact Crime Stoppers at (559) 498-7867 or www.valleycrimestoppers.org You will remain anonymous and may be eligible for a cash reward.
